Number of Members Using CBHI Services

July 1, 2010 through June 30, 2011

- This CBHI service data is based on Managed Care claims data for members who have received the listed CBHI services. The data is submitted to MassHealth by each MassHealth managed care organization.
- MassHealth membership data is from the MassHealth data warehouse.
- Because there are different eligibility requirements for some CBHI services, the Table 1 reflects the appropriate denominator for each CBHI service.

Number of Members Using CBHI Services

July 1, 2010 through June 30, 2011

- CBHI Service data on the following pages is provided through June 30, 2011.
- The data is for the following six CBHI services:
 - Intensive Care Coordination
 - Family Support and Training
 - In-Home Therapy
 - In-Home Behavioral Services
 - Therapeutic Mentoring
 - Youth Mobile Crisis Intervention
- Each of the services has three charts:
 - The first chart is a summary report showing both estimated utilizers and average billed service hours per utilizer.
 - The second chart shows average billed service hours by age group.
 - The third chart shows service utilizers by age group.
- These data are based on Managed Care claims on members for whom providers have billed the CBHI service.
- The data is submitted to MassHealth by each managed care entity in the CBHI Cost and Utilization Reports, and combined by Office of Behavioral Health Analytic Staff.
- The estimated number of utilizers is slightly inflated because members who switch between health plans are counted more than once.

The data is submitted to MassHealth by each managed care entity in the ICC Key Indicator Report, and combined by Office of Behavioral Health Analytic Staff.
- The estimated number of utilizers is slightly inflated because members who switch between health plans are counted more than once.
